FAQ

THE FOLLOWING IS OOC

- **“How active is the ISOC?”**

Characters enlisted:	120	Players (“warm bodies”):	40
Active Characters:	60	Active Players:	20

- **“Why don’t you recognize GCW rank?”**

- Since GCW can be acquired through activities that are not necessarily on-par with ISOC objectives and our definition of “what it takes” to advance as a soldier, we use our own system of ranking. Promotions are granted based on many factors beyond the simple acquisition of GCW points and kills.

- **“Do you accept traders or entertainers?”**

- The ISOC does operate a SUPPORT UNIT for non-combat personnel. Additionally, several of our pilots are also of these professions. Truthfully, however, dedicated support personnel are not usually in high-demand. However all it takes to find out is an application and possibly an interview.

- **“How can I become an Officer Rank in the ISOC?”**

- The ISOC defined OFFICERS as individuals who have decided to allocate a significant portion of their time to support the guild beyond day-to-day “in-game” operations. In addition, they have proven themselves as loyal veterans of the ISOC with years of dedication and contribution to our cause. You will often find our officers involved in special strategic projects and assisting others in building their skills, confidence and capacities on and off the battlefield. Each of our officers began as a lowly enlisted soldier and has climbed their way up from the bottom.
